TO-DAY'S GAMES.

Fort Wayne at Wheeling.

Dayton at Youngstown.

Springfield at New Castle.

Toledo at Manufield.

The Wheelings lost a closely contested game yesterday afternoon to "Jack" Giasacock's Fort Wayne team. Both teams played an excellent fielding game, but in hitting the Hoosiers had much the better of the Stogles, fifteen clean drives being made off Pastorius delivery, while Guese was touched up only to the extent of nine. A feature of the game was "Billy" Niles' scratch home run, the ball getting out of Ly-tle's optical range somewhere around right field fence. The most effective hit in the game was "Denny! ons' two-bagger in the fourth, when the bases were filled. Three runs came in on the hit, but Lyons himself was thrown out at the plate in an attempt to score on Reiman's fallure to handle Bergen's assist to relire Lyons at sec-

The visitors scored a run each in the first four innings, and got three in a bunch in the fifth. After that Pastorius was more effective, and his giltedged support prevented the scoring of more runs for the visiting team

Wheeling got three in the fourth inning and tied the score. Zeigler caught one of Guese's swift shoots on the arm and trotted, and then stole second. Cote worked a base on balls, and Pastorius' single filled the bases, all with one out. The best Dobbs had in the shop was a pop-up fly to Bergen, but Lyons come along with a very timely two bagger over Miller's head in left field, which scored three runs, Bergen threw to Reiman to catch Lyons off second, and when the ball got through Reiman and rolled out into center "Denny" tried for the run, but was declared out on a very close decision. Fort Wayne forged ahead again in

the fifth on singles by Babb and Lytle, Belden's base on balls, and Reiman's slashing single to center. In the seventh Wheeling geored two

on Lyons' single and Niles' scratch home run. Lytle came up on the hit in an endeavor to make a dive-on catch, but instead the ball got through home and "Pop" raged and fumed out at the fence in a vain endeavor to recover the ball while Niles chased himself around for the circuit of bases. In the eighth, singles were made in

succession by Guese and Miller, and Letcher's clever sacrifice sent the run-ners' up a notch. The next man up, Glasscock, happily, was an infield out, and Rabb's my to Strang ended the Innion with no runs.

Wheeling made it interesting in the ninth. Dobbs led off with a bounder to Reiman, who handled the ball cleanly, but "Dobbsy" ran like a deerhound and bent the sphere out at first. excitement was added to when Lyons got a base on four wide ones, and Niles nent sacrifice advanced both run-ners. On Myers' infield hit, Dobbs scored, but Babb, who got the ball, touched Lyons out steady and gavy Strang a base on balls, the second gift of the inning, but O'Hara's fly was taken by Belden and was won by Fort Wayne,

BASE BALL COMMENT.

During yesterday's game "Jack" Glassecek made an awful exhibition of himself on the field, his language to Pitcher Pastorius and to two spectators being vite and without excuse. Of the ball field Glassecek is a good fellow, and he enjoys the friendship of many Wheeling people, who have been promi being vile and without excuse. Off the ball field Glasscock is a nood fellow, and he enjoys the friendship of many Wheeling people, who have been proud of his great record on the olyamond, but the trouble is that on the field he loses command of himself and says and does things that he regrets when the moment of excitament has passed. Manager Torreyson, formerly of Grand Rapids and later of Golumbus, has made another shift and now finds himself located in Springfield, O. As the team is a tail-ender he will, no doubt, soon be looking up another site for unloading. The other magnates in the Inter-state appear to have little use for Torreyson and his methods and wouldn't feel sorry if he would move out into Lake Erie permanently.—Pittsburgh Times.

Mr. Beckett came to this city early yesterday morning, but was not able to find out whether the child had been put off here or carried on through. Authorities at the depot say they saw nothing of the little girl. Nothing has been seen or heard of the lost child since Monday afternoon, when she boarded the train, and the parents are very uneasy as to the whereabours of their little daughter. easy as to the

WRECK AT THE ROUND HOUSE A bad wreck occurred at the Cleve-land, Lorain & Wheeling round house vesterday afternoon about 1:30 o'clock yesterday afternoon about 1:30 o'clock. Engine No. 13 had been for several days in the round house, having the faced valves on one side of the engine repaired. The work had been completed and the machinist had the hostler, Frank Coss, running the engine up and down the track, to see if the valves, and exhaust were in proper working order. They were found all right and the engine was ordered to the round house to prepare to go out on No. 6. Coss started the engine off at a low rate of speed and went into the round house too fast prepare to go out on No. 6. Coss started the engine off at a low rate of speed and went into the round house too fast and when it hit the rails in the building which were covered with grease, sid on through and into the pit on the other side. Coss jumped from the engine as it went down, or he might otherwise have been seriously injured. No. 6, due to leave here at 1:45 p. m., was consequently late in leaving this place, as the engine which had just come in from No. 1, due here at 1:25 p. m., had to be sent out to the Craston "Y" to furn and then set ready to go back to Cleveland. The wreck crew was just to work at once and the engine was back on the track again before dark. Coss says the sand and valves were not working properly and the engine could not be stopped.
